

Blues in My Heart

Benny Carter

What can I do now that you say we're through? I'm
left with the blues in my heart. How
can I smile when love don't seem worth - while? I'm
left with the blues in my heart. How
can I live what is there life can give, as
long as we're a - part? How can
I go on know - ing that you are gone? I'm
left with the blues in my heart.
